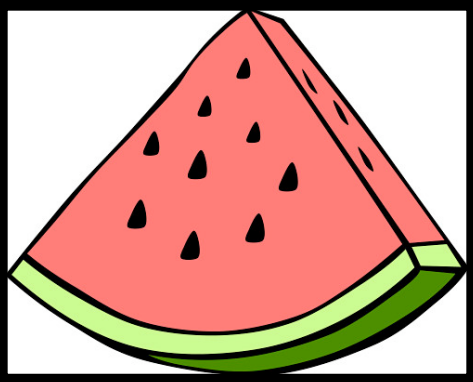
End Summer Hunger is Families Forward's grassroots campaign that gathers the support of the community from local businesses, organizations, schools, and individuals to help provide low-income families with food during the summer months. For families with children that qualify for the school subsidized lunch program, summer vacation puts extra strain on the family budget. This year, with the additional impact of the mortgage layoffs and sub-prime crisis, we anticipate a significant increase in demand for our food distribution services. Providing food can often relieve the pressure on a family's budget and allow them to pay their rent or mortgage and prevent their becoming homeless.



If you would like to organize a food drive or donate any of the above items, other non-perishable food items, or hygiene products, please bring them to Families Forward. We would be glad to drop off and pick up large barrels for food drives. Families Forward is open 9-5 Monday through Thursday, and 9-1 on Friday.
